

We carry out mechanical repairs and service to all makes and models, including New Car Servicing. We also specialize in Fuel Injection Systems, Electronic Engine Management Systems, Brake repairs and service, Power Steering, Cooling System repairs and service and Automatic Transmissions. We are also Licensed Roadworthy Testers, Child Restraint fitting and carry out RACV Vehicle Inspections.

We only use quality parts when we carry out any service or repairs. By using OEM (Original Equipment Manufacturer) parts or aftermarket parts that either meet or exceed manufacturer's standards, it means we have complete confidence in our service quality and you can too. If you are looking for honest, reliable and quality service, you can't go past South Coast Auto Services.
